---

The Kawartha Pine Ridge District School Board supports the concept of exploring alternative projects and accommodation arrangements for the accommodation of students other than the usual arrangement under which a school site is acquired, and a stand-alone school is constructed. The Board recognizes that

---

This policy applies to the Board's acquisition of new elementary and secondary school sites.

The Board of Trustees is responsible for establishing and approving Board policies.

The Director of Education is responsible to allocate staff and resources to support this policy and associated administrative regulation.

The Superintendent, Business and Corporate Services, or designate, is responsible for the guidelines and directives in this policy and associated administrative regulation.

Manager, Planning Services, is responsible for the implementation of this policy and associated administrative regulation.

- 6.1 The Education Act and Ontario Regulations identify opportunities for alternative projects and accommodation arrangements for elementary and secondary students when acquiring a school site or building a standalone school.
- 6.2 The Municipal Act, 2001, authorizes municipalities and school boards to enter into arrangements under which they can provide for exemptions from taxation for municipal and school purposes of land or a portion of it that is entirely occupied and used or intended for use for a service or function that may be provided by a school board or municipality. It also authorizes an exemption to be given from municipal and education development charges in certain circumstances.
