

KAWARTHA PINE RIDGE DISTRICT SCHOOL BOARD

ADMINISTRATIVE REGULATIONS

Section Business and Administrative Services

- Transportation

Regulation Code: BA8.6.6

Regulation: STUB39 ton

This administrative regulation is written in accordance with the guiding principles in Board Policy No. [BA8.6, Transportation: Student Safety](#)

Concern exists regarding exhaust fumes from idling school vehicles transporting students. When loading students at the school, there can be a significant length of time between arrival of the bus, loading of students, and departure of the bus. During this time, staff and students as well as Board buildings are exposed to varying amounts of fumes depending on the strength and direction of the wind, and the location of the loading zone, relative to the school.

There is also a safety concern whenever students and staff are moving in and around idling vehicles that could accidentally be put in gear and move suddenly.

Exposure to exhaust fumes is a concern, and the regulation is intended to reduce this exposure.
